What's the Role and What You'll Do

We're looking for **two motivated, reliable, and passionate professionals** to fill **one permanent, full-time IT Analyst I/II (GIS)** and **one limited-period IT Analyst I/II (GIS)** position. You will join a **fast-paced, dynamic team environment, specializing in GIS within the Information Technology (IT) Department**. This position receives direction from the Principal IT Analyst or assigned management staff. The IT Analyst II (GIS) may exercise direct supervision over other assigned office support staff. If you are seeking meaningful work as an IT Analyst I/II (GIS), this position is for you! Review our detailed job description [here](#).

What You'll Do

- Develop, maintain, and update GIS databases and systems to ensure data accuracy and integrity. Manage spatial data layers and coordinate with other departments to gather and integrate data.
- Perform spatial analysis and modeling to support city planning, infrastructure management, and decision-making processes. Utilize GIS tools to analyze geographic patterns, trends, and relationships.
- Create detailed and visually compelling maps for grant submissions, council reports, presentations, and public communications.
- Develop dashboards and web apps to present complex spatial information.
- Provide technical support and training to city staff on GIS applications. Troubleshoot GIS-related issues and assist with software and hardware configurations.
- Collaborate with internal teams and external partners on GIS projects, including parcel data, orthography, emergency management, environmental analysis, and transportation planning.

The Essentials

IT Analyst I (GIS)

- Bachelor's degree from an accredited college or university in computer science, environmental studies, or a related field, **plus** one year of experience in geographic information systems within a professional business or municipal

environment; **OR**

- Associate's degree at an accredited college or university, **plus** three years of experience in geographic information systems
- Class C California driver's license

IT Analyst II (GIS)

- Bachelor's degree from an accredited college or university in computer science, environmental studies, or a related field, **plus** two years of progressively responsible experience comparable to that of an IT Analyst I in the City Mountain View; **OR**
- Associate's degree at an accredited college or university, **plus** five years of experience in geographic information systems
- Class C California driver's license

Bonus Points:

- Experience in the public sector
- Geographic Information Systems Technology Certification
- SQL Database Certification
- Advanced Microsoft Certification

Are We a Match?

- You work well in a **fast-paced, autonomous** environment.
- You are **adaptable, flexible** and can offer solutions in ambiguous situations.
- You possess good **technical knowledge of GIS** and like to jump right in to **try new things**.
- You like to provide **GIS solutions** and prioritize customer service.
- You're able to work in **partnership** with departments to make sure their needs are met.
- You can think on your feet and you believe **problem solving** is a good group activity.
- You enjoy analyzing and **resolving** complex challenges.
- You are **detail-oriented** and organized to keep track of multiple and varying processes.
- You are excited to improve, model and market our unique and wonderful **workplace culture**.

Apply Now

Submit your application and resume online at [GovernmentJobs.com](https://www.governmentjobs.com) or to the Human Resources Department; City of Mountain View, 500 Castro Street, Mountain View, CA 94041, (650) 903-6309. Please provide a valid email address on your application. This recruitment will close **at 5:00 PM PST on Friday, September 27, 2024**.

Fine Print.

Candidates with a disability who may require special assistance in any phase of the application or testing process should advise the Human Resources Department upon submittal of application. Documentation of the need for accommodation must accompany the request. The City of Mountain View is an Equal Opportunity Employer (EOE). Prior to hire, candidates are required to successfully complete a pre-employment process, including employment verification and Department of Justice (DOJ) fingerprint check. A conviction history will not necessarily disqualify an applicant from appointment; however, failure to disclose a conviction will result in disqualification or termination.
