Cordova

White Rock Road Improvements - Phase Two

## Join Our Team

The foundation of our culture is built upon six core values and an organizational philosophy:

### You + Me = Us

The power of Us represents a diverse team of individuals, each bringing a unique set of skills, a powerful mindset, and a passion for serving our community, making the City of Rancho Cordova the best place to live, work, learn and play.

Hear from our staff about working for the City of Rancho Cordova on YouTube:

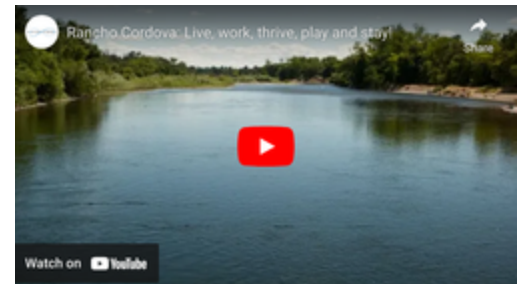

## THE COMMUNITY

Located in the eastern part of Sacramento County, Rancho Cordova is a thriving urban community near the beautiful American River. Rancho Cordova is one of the largest employment centers in the Sacramento region with a population of just over 80,000.

Experience our burgeoning arts scene, six miles of beautiful American River, 26 miles of bike and pedestrian trails, 70 serene acres of creek channels and tributaries, and over 100 community events, most of which are free.

Rancho Cordova  
on YouTube:*

## THE PUBLIC WORKS DEPARTMENT

The City of Rancho Cordova's Public Works Department is dedicated to providing residents, workers and visitors with safe and efficient transportation systems, quality utility provisions and modernized environmental services to support the quality of life goals identified by our city leaders.

Public Works is a diverse department that shares a commitment to exceptional customer service, and a determination to improve the quality of life in the City of Rancho Cordova.

Every year, the City of Rancho Cordova's Public Works Department completes a number of studies, design and construction projects in our community. These projects beautify Rancho Cordova and ensure the City has walkable, connected neighborhoods and safe routes for residents, bikers and drivers.

# ASSOCIATE/SENIOR CIVIL ENGINEER - TRAFFIC

## TECHNOLOGY & LEADERSHIP

Through leadership, strong communication skills and innovative forward thinking, the successful candidate will work closely with staff, consultants and regional partners like Caltrans and SACOG to develop intelligent transportation systems, integrated multi-modal networks and implement smart city technologies.

The successful candidate will assist or manage, collaborate and continue developing a leading edge Citywide ITS system in the region and develop the City's Traffic Management Center.

This position provides an opportunity to make a difference in our community. We are seeking a Professional Civil/Traffic Engineer with demonstrated experience in **traffic operations, impact analysis & studies, smart technology implementation, neighborhood traffic management programs, and public/private infrastructure projects**. The ideal candidate has a strong work ethic, love what they do and is motivated to share their knowledge with their colleagues.

Associate/Senior Civil Engineers at Rancho Cordova work in a dynamic and fast paced team environment based on collaboration, creativity, innovation and the highest level of communication coupled with a solid engineering foundation.

## SUMMARY OF KEY DUTIES

### Associate Civil Engineer - Traffic

- Provides complex civil traffic engineering and traffic operation assistance by reviewing engineering projects.
- Performs contract management and oversees professional and sub professional staff by providing professional and technical guidance.
- Facilitates communication with other agencies related to multi-modal transportation networks, transit and smart city technologies.

### Senior Civil Engineer - Traffic

- Performs complex civil traffic engineering, traffic operations management, technical studies, reports and recommendations.
- Leads and/or facilitate a transition plan for a City managed Traffic Management Center.
- Supervises and coordinates the work of staff, consultants and contractors.
- Collaborates with other agencies related to multi-modal transportation networks, transit and smart city technologies.
- Serves as a technical expert, projects/resident engineer, and program manager for various public works projects, contracts and grants.

# ASSOCIATE/SENIOR CIVIL ENGINEER - TRAFFIC

## THE CITY OF RANCHO CORDOVA

A GREAT PLACE TO LIVE,  
WORK, LEARN AND PLAY

Our team of 100+ employees serve over 80,000 residents and is one of the largest employment centers in the region.

The city wants to ensure that through their **Neighborhood Traffic Management Program**, that residents have a voice regarding traffic concerns in their neighborhood.

Learn more about the NTM Program and other Traffic Programs and Services offered by the City by visiting our website.
